

KENAN MAMEDOFF

iOS DEVELOPER

ABOUT ME

A motivated and passionate programmer, great troubleshooter, and enthusiastic software developer who has a long record of developing, implementing and testing software to meet specific project requirements. I have extensive experience of coming up with software solutions designed to meet business requirements. I worked with cutting edge technologies in a variety of fields, and I am keen to be involved in helping to define the future of software applications and solutions. As a true professional I am dedicated to my own continual self-development, enjoy working closely with others, and have an eye for detail and identifying problems. I have designed and developed multiple applications that were distributed through App Store. Published "SözTap", a word game with online gameplay Ranked 1st on App Store Azerbaijan. Currently working at a full-time job on a dream project and developing a 3D shooter game.
